EDUCATION

- 2019.9 - Present **Ph.D. Student**, *School of Computer Science*, Fudan University.
Advisor: **Prof. Yang Chen**
- 2019.6 - 2019.9 **Research Intern**, *Department of Sociology*, Tsinghua University.
Advisor: **Prof. Jar-der Luo**
- 2018.7 - 2018.8 **Research Intern**, *College of Computer Science and Technology*, Zhejiang University.
Advisor: **Prof. Weiming Lu**
- 2017.7 - 2017.8 **Research Intern**, *IDG McGovern Institute for Brain Research*, Peking University.
- 2015.9 - 2019.6 **Bachelor's Degree (with honor)**, *Information Security*, Lanzhou University.
GPA: 4.8/5.0 | Ranking: 1/190

RESEARCH INTERESTS

- User behavior analysis and modeling on multiple networks
- Information cascade

PUBLICATIONS

- X. Li, Y. Chen, **M. Zhou**, X. Wang. *Internet Data Transfer Protocol QUIC: A Survey*. Proc. of the 8th CCF Internet Conference of China (ICoC19), Nanjing, China, Aug. 2019.

RESEARCH EXPERIENCE

- Present **Understanding the Behavior in Different level of Loyalty on Short-term Rent Platform.**
Advisor: **Prof. Yang Chen**
- Analyzing the behavior difference between users with different level of loyalty.
 - Building a model to predict returning users based on the selected features.
- Present **Data-Driven Management Platform for Social Organizations.**
Advisor: **Prof. Jar-der Luo**
- Developing a WeChat mini-program to manager non-profile social organizations.
 - Developing a system for social organizations to analyze the activity of their members from different aspects.
- 2018.9 - 2019.4 **Machine Learning-Based Headline Prediction.**
Advisor: **Prof. Rui Zhou**
- Training a model to determine whether a news is possible to become a headline.
 - Creating three metrics: the rate of propagation, the number of retweets and the influence of the topic.

AWARDS & HONORS

- 2019 Outstanding Graduate, Lanzhou University (Top 1%)
- 2018 Chinese National Scholarship, Lanzhou University (Top 1%)
- 2017 Chinese National Scholarship, Lanzhou University (Top 1%)
- 2016 First Class Scholarship for Outstanding Students in Lanzhou University (Top 5%)

TECHNICAL SKILLS

- Programming Languages Python, C/C++, Java(Android), HTML/CSS, JavaScript, MATLAB
- Deep Learning Framework PyTorch, Tensorflow, Keras, Scikit-learn, XGBoost
- Others SNAP, NetworkX, SQL, \LaTeX , Git

EXTRACURRICULAR EXPERIENCE

- 2016 - 2017 The chairman of Open Source Community of Lanzhou University
- 2016 - 2017 The leader of Google Developer Groups of Lanzhou University
